Doug and Margaret,

If you would like to see a few other portions of the Kalamazoo River site we may be able to visit Allied Landfill, the Plainwell Mill and a couple other River locations on tuesday 7/25. We could drive out tuesday morning and then tour a few locations. I have a public meeting on the Area 2 Proposed Plan that evening (you don't have to attend, but are certainly welcome), so we will have to finish the tour by 4:30 pm.

I copied both Michael Berkoff and Sheila Desai on this email, as I am not sure if they will be available on 7/25. However, we can make this work.

Thanks
 Jim Saric

Not sure if your preference would be for one long day or break it into two days. We could do a one day tour on the 26th, or two days on 25th and 26th.

Thanks

Hi all,

I am not available on 7/27. The rest of that week is good for me. Thanks.

Hi Mike,

Thanks for forwarding that to SFDIO since she is out the rest of the week. Their schedules are fairly open on July 26th and 27th. I put a hold on the two days and will let Bertanna organize the trip as she will book their travel in Concur.

Thank you,

Ashley Fisseha

Bertanna,

Margaret and Doug have expressed interest in having a tour of the Kalamazoo River NPL site. Can you check their schedules and see if Margaret and Doug would be available July 27th for a Kalamazoo tour if they would like to do it in one day, or 26th-27th if two days. Otherwise Saric and Ruesch can look at dates in August.

Thanks
